John M. Gilliat & Co.'s Circular as to Tobacco.

LONDON, 4 CROSBY SQUARE, ? May 1, 1879.

Sir,-The month just closed has not hown any improvement in the demand for North American tobacco, and all other descriptions are reported dull. The trade are no doubt fairly stocked, and with the present outlook for a fair import of strips this autumn and a full planting in the States, they are not likely to be eager buyers for the ordinary runs of tobacco which are so plentiful. The chief demand appears to be or cheap cutting parcels under 54 a., containing a fair proportion of leafy tobacco, and these we have not found it easy to supply with justice to our shippers.

We think the lowest grades are held rather more firmly-at least we learn from everal quarters that 31d. strips are not now to be found, although they have certainly been offered and sold at this figure. We hear of very few transactions in the finer grades of strips, either heavy or light, and therefore, although held with some confidence, values have not been put to much recent test.

For Virginia strips there seems to be no demand except for cheap fillers, and a sale is reported this week of from 30 to 40 packages at prices under 44d. Brights are not freely taken, but with no

CONGRESS TO BE IN SESSION UNTIL JUNE-STATE PROPOSED TO BE ORGANIZED OUT OF THE INDIAN TERRITORY-TOBACCO-DEMO-CRATIC CAUCUS NEXT MONDAY-GENERAL EWING'S SPEECH ON THE SILVER BILL-

[From Our Regular Correspondent.] WASHINGTON, May 14 .- The talk at the Capitol to-day was that Congress will adjourn before the close of May, but recent prospect of much addition to our stock developments indicate that it will be here in June, even if the Ways and Means Committee report in favor of Mr. Fernando Wood's resolution fixing the 29th of May middling, 3 to 5d. 2 h.; fair to good and as the limit to the present session. SEANTOR VEST WANTS AN INDIAN STATE. To-day the Senate passed a resolution calling upon the President for information as to the purchase of land in the Indian Territory under the treaty of 1866, for the location of Indians and freedmen. Before a vote was taken Senator Vest, of Missouri, its author, said that this Indian Territory now stands as a mighty rock, impeding the progress of civilization and emigration to the Southwest, and if it is to remain a Botany bay he wanted the people of his 75,000 inhabitants and over there shall be section to know it at once. He intended at two classes of letter-carriers-the first class the proper time to introduce a bill organizing the Indian Territory into a State, so with white men, and the Indians driven still further west.
